

**COVID Advisory as of June 15, 2021
For District Affiliated Churches
Assemblies of God, Northern California and Nevada District Council**

California: Changes starting June 15, 2021.

Governor Newsom has announced that California will “fully re-open” on June 15, 2021. (A Federal Court already mandated most of these items, but let’s review anyway.)

What does this mean for our churches?

1. No capacity restrictions.
2. No physical distancing restrictions.
3. No singing restrictions.
4. Masks: The State requires unvaccinated individuals to mask when indoors, unless they qualify for an exception.
5. Enforcement: The State allows the host to choose between three options:
 - a. Require all patrons to wear masks.
 - b. Ask unmasked people to verify their vaccination status.
 - c. Post a notice about the requirement and allow people to self-attest that they are compliant. (Leave it to them.)

Nevada: Restrictions as of as of June 15, 2021.

Restrictions in Nevada are “county-by-county.” <https://nvhealthresponse.nv.gov/current-status-mitigation-measures/>

Most counties have eliminated the social distancing/capacity restrictions. Clark County is 80%. (This restriction applies to all businesses in Clark County, and therefore survives the Federal Court ruling of May 17.)

The statewide mask mandate is effect in all counties.
